For the prevention and cure o
BILIOUS AND MALIGNANT FEVERS
is recommended
HAHN's ANTI BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor s feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of person can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficatious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Absconded,

ON the night of the 16th inst. my negro man JOHN, or JOHN ALLEN, (as he calls himself)—he is well known, having lived with me for several years, and has travelled a good deal with me. He is a very plausible fellow, about 30 years of age, slender made, and about 5 feet 5 inches high, rather of a yellow complexion, but the complete negro mouth and nose—has a small scar on one of his cheeks—has lately had a sore on his right leg, directly on the shin bone, which leg has the appearance of being much scored at a former period by disease or the small pox. His hat was made and stamped by Rogers of Baltimore.—A reward of 10 dollars will be given if taken in the town or county of Alexandria, 20 if in the county of Washington or Fairfax, 50 if in Baltimore or state of Maryland, and 100 if in Philadelphia or the state of Pennsylvania, and in like proportion if at any other places, with all reasonable charges for bringing him here and securing him in jail.

Fan-Sash Making.

METAL FAN-SASHES, of various descriptions, will be made by the subscriber, at his shop, lower end of Duke street. The want of a Metal Fan-Sash Manufactory in Alexandria, has hitherto been severely felt by builders and others, who have been compelled to make use of wood, which is neither elegant nor durable. The various forms into which the metal can be shaped have given it a decided superiority, and the difference in the price is very trifling. The subscriber has been at considerable expence in procuring the necessary preparations, and relies on public enterprise for success in the undertaking.

Gentlemen in the country, by sending the dimensions of their sashes, can have them made at the same price as if in town.

PROSPECTUS.

ASIA.

The Asiatic part of this work contains a general view of the antediluvians—of the general deluge—of the re-settlement of the Globe after that great event—of the primitive postdiluvian nations, which were formed in Asia, the cradle of the world. Their various ramifications, revolutions, and of the general course of Empire.

AFRICA.

The African part, contains a concise history of Egypt, Carthage, Numidia, Mauritania, Abyssinia, of the Piretical States, and the Hottentots, with a grouped view of its uncivilized settlements.

EUROPE.

The European part, contains the history of Greece and Rome, from their origin to their dissolution—of the various nations which were conquered by them—and of the nations by which the Romans themselves were finally conquered, and of the nations which were formed from the fragments of the Roman Empire, and the various revolutions of the latter, together with a view of the nations which never were subjected to the Romans.

AMERICA.

The American part, contains a general history of the Western continent, under the heads of Free, European, and Aboriginal or unconquered America. The first contains a history of the United States, from their first settlement as English Colonies, till the present time.—The second, of all parts dependant on Europe.—And the third, of all that are still owned by the Aborigines.

It is expected that the whole will be comprised in 10 or 12 octavo volumes of between four and five hundred pages each—to be printed in Philadelphia, on good paper and fair types, for $3 1-3 per volume, in sheep binding, or $4 1-3 Calf Gilt, to be paid for on delivery.

AUTHORITIES.

This work has been in contemplation upwards of 40 years. The project of it was conceived in 1786, on reading the Universal History, then recently edited in 60 volumes, by a society of gentlemen in England. The original idea of extracting the quintessence of that voluminous work, which contained the most complete system of history the world had then seen, has ever since been enlarging and improving by an attentive perusal of the histories written by Robertson, Hume, Gibbon, and other modern authors—of the Asiatic researches—of the works of Sir William Jones, and other learned Orientalists—the publications of intelligent travellers, who, in the course of the last half century have explored almost every region of the Globe. These collectively have thrown a blaze of light on countries comparatively unknown, and on portions, both of ancient and modern history which were confused and obscure at the period when the writers of the Universal History published their work. The arrangement of materials collected from these sources commenced in the year 1780, when, in consequence of the surrender of Charleston to Sir Henry Clinton, the author was suddenly released from a sea of business and sent as a prisoner of war to the British Garrison then in St. Augustine, and there confined for eleven months, without any peculiar employment. Steady progress has been made for the last ten years in correcting and transcribing the work for publication.

UNITED STATES.

The History of the United States is given at full length—that of foreign countries is more or less expended, or contracted in proportion to the intrinsic importance of each—its tendency to illustrate portions of Holy Writ—the Greek and Latin Classics—and also in proportion to its connexion with the U. States, or as furnishing useful practical information to its citizens, or as the paternal soil of their ancestors.

The above sketch of the nature and objects of this immense work, which has occupied the attention of the Author for upwards of 40 years, was found among his papers, and is now given to the public in his own words. Since that period, a few chapters have been added by the Reverend SAMUEL STANHOPE SMITH, which brings it down to the close of the last war.

The publication commences with a third impression of the History of the U. States, in three volumes, which is all that has ever appeared. The whole will not be delivered under 15 or 20 months. It is proper to state, that the gentlemen who have the direction of it are neither booksellers nor printers, and receive no pecuniary consideration for their trouble—but are willing to make the necessary advances to carry it into execution provided the sale is warranted by public patronage. The profits arising are to be appropriated for the support and education of his children, four of each sex: to them its success is a matter of deep importance.

A TRAIT OF THE TIMES.

An insulted country—an oppressed citizen—a bereft family—the cause of general justice and human rights—appear in these times to have become not merely matters of secondary consideration to a government founded on the eternal principles of mutual protection and mutual support—but the very effort to procure justice and to assert right, have become topics of satire and puny ridicule. The following production claims nothing to admire either for humor or poetry—but it is entitled to detestation and contempt—we put it upon record, as a specimen of the depravity of the Times.

Trimbles Congressional affair—(not to be *said*, but *sung*.)

BY SIR WALTER WILDFIRE.

Yesterday, Mr. Trimble offered a resolution in the house of representatives to the following effect—That the demand made by the president of the U. States upon the king of Spain, for the liberation of our consul, Mr. Meade, ought to be supported and enforced, by vesting the president with authority to make reprisals upon some Spanish functionary of the same degree, in case the court of Madrid should refuse to discharge Mr. Meade from his confinement.

TRIMBLE LOQUITUR—SILENTIA REGNAT.

Trimble rose in Congress Hall,
'Heigho'—said Trimble—
'My brave associates, one and all,
'Give ear to that which I let fall
'From my roley poley,
'Flourish and fire,
'Heigho'—said Trimble.

Trimble's valiant heart beat high,
'Heigho'—said Trimble—
The lightning shot from his dark black eye,
And he heaved a deep spasmodic sigh,
From his roley poley
Bellows and bosom,
'Heigho'—said Trimble.

'Our Consul, MEADE, in limbo sighs,
'Heigho'—said Trimble—
'Deep, like a toad in a hole he lies,
'For liberty, light and air he cries,
'From his roley poley
'Dungeon and tow'r,
'Heigho'—said Trimble.

'Moses, *boys*, was a squire of note,
'Heigho'—said Trimble—
'A volume of law in a *sentence* he wrote,
'Which the *Clerk*, with his usual indulgence, will quote,
'From his roley poley,
'Budget of HEMS.
'Heigho'—said Trimble.

(Trimble to the clerk)—*Lege*, Dick, *lege*—(The clerk *legit*)—"It is written in the laws of MOSES, the Hebrew, *that an eye shall be demanded for an eye, and a tooth for a tooth*." (Strong symptoms of exultation and triumph on the part of Trimble—he swells with indignation, and bounces like a tenis ball)—

Trimble raised his arm on high,
'Heigho'—said Trimble—
A withering look was enthroned in his eyes,
Like the look of a storm, as it rides the skies,
On a roley poley
Poney of thunder,
'Heigho'—said Trimble.

'Ruin seize thee, king of Spain!
'Heigho'—said Trimble—
'Confusion cover thy banners with shame
'And the devil brand thy pitiful name
'With a roley poley,
'Darksome and deep,
'Heigho'—said Trimble.

'Rise my gallant comrades, rise,
'Heigho'—said Trimble—
'The course of revenge that I freely advise
'Is to flagelate OWEN, and shut from his eyes,
'The roley poley
'Day light and sun,
'Heigho'—said Trimble.

Trimble now his task has done,
'Heigho'—said Trimble—
A phrenetic smile round the hall he flung,
And he vanished from sight as he furiously sung
Of a roley poley
Dungeon and tower,
'Heigho'—said Trimble.

EXPEDITION AGAINST THE CHEHAWS.

Milledgeville, May 5.

In our last paper we briefly noticed the issue of the late expedition against the Chehaw Indians. Since then, the official account of that affair has been received, and will be found below. Respecting the policy of this expedition, there are various opinions; many contradictory statements. It is asserted, and so far as we have heard it expressed, public opinion favors the belief, that the town destroyed was friendly; and some of its warriors, are stated to be now with the army under general Jackson. On all subjects and more particularly on one which has excited much interest and feeling through the country, it is our duty, as faithful purveyors of intelligence, to collect the *facts*, so far as we are able, and lay them before the public. With that view, the annexed documents are inserted; and we shall cheerfully give a place to any other statement, calculated to shed light on an occurrence, involved in great doubted and uncertainty.

We are authorised to state, that the Executive has been long since convinced, by information derived from respectable sources, of the hostile disposition of the Indians living in the neighborhood of Fort Early, on the Flint River—particularly those under the influence of the Chiefs *Felemma* and *Hopavna*. To quiet the apprehensions of the frontier, and prevent depredations in future, Captain Wright of the militia stationed at Hartford, with such volunteers as he could assemble, was directed by the governor to chastise *the towns above named*. Unfortunately, the detachment it is believed was misled, either by ignorance or design of the guides, and fell on the old *Chehaw Town* (supposed to be friendly) which was laid in ashes, and many of its wretched inhabitants put to death.

Journal.

—

HARTFORD, (Geo.) April 25.

His Excellency Gov. Rabun:

Sir—I have the honor to inform you that agreeable to your orders, I took up the line of march from this place on the 21st instant, with captains Robinson's and Rogers' companies of mounted gunmen, captain Dean's and Child's infantry, together with two detachments under Lieutenants Cooper and Jones, captain Thomason acting Adjutant, in all about 270 effective men.

On the night of the 22d I crossed Flint river, and at day break, advanced with caution against the *Chehaw Town*. The advanced guard, when within half a mile of the town, took an Indian prisoner, who was attending a drove of cattle, and on examination, found some of them to be the property of a Mr. M'Duffy (who was present) of Telfair County.

The town was attacked between 11 and 12 o'clock, with *positive* orders not to injure the *women* or *children*, and in the course of two hours, the whole was in flames; they made some little resistance but to no purpose.

From the most accurate accounts, 24 warriors were killed, and owing to the doors of some of the houses being inaccessible to our men, and numbers of guns being fired at us through the crevices, they were set on fire; in consequence of which, numbers were burned to death in the houses; in all probability from 40 to 50 was their total loss; some considerable number of warriors made their escape, by taking to a thick swamp; a very large parcel of powder found in the town was destroyed. It is supposed their chief is among the slain. The town is laid completely desolate, without the loss of a man. We re-crossed the Flint to Fort Early the same evening, making a complete march of 31 miles (exclusive of destroying the town) in 24 hours.

The conduct of the officers and soldiers on *this* occasion, (as well as on *all others*) was highly characteristic, of the *patriotism* and *bravery* of the Georgians in general. I am sir with respect, your most ob't humble serv't.

OBED WRIGHT, Capt.
(Ga. dft. militia comd'g)

—

Copy of a letter from Judge Strong to the Governor, dated

Hartford, April 27.

SIR—On my route to Telfair and back, immediately on the frontier, I took much pains to ascertain the disposition of the Towns below Chehaw, and from a variety of corroborating facts, I have no doubt but that a majority of their Warriors are hostile, and have done most of the recent mischief on our borders. A part, if not all, of the Chehaw Towns are also hostile; some were painted, and the cattle of different citizens found there, which had been driven off by the Indians. The recent occurrence there puts their disposition out of the question.—There can be no doubt but that they will do us all the injury they can. As an individual I therefore feel desirous, that ample means should be placed in Captain Wright's or some other officer's hands, to fight and beat the Indians below Chehaw, and destroy their towns. In haste from the Bench.

Yours respectfully,

Messrs. Grantlands,

I find some people are misled, or under wrong impressions, as to the late expedition to the Nation, supposing the town destroyed by captain Wright's detachment, (acting under the orders of the Executive,) was actually friendly. As an officer commanding a volunteer corps on that occasion, I feel it my duty to state, that when the army or rather the advance, appeared within half a mile of the town, we found an Indian herding cattle, the most of which appears to be white people's marks and brands. A Mr. M'Duffee of Telfair, attached to my corps, swore to one cow as the property of his father and taken from near where the late depredations on the frontier of Telfair was committed. We found in the town a rifle gun known to be the one taken from a man by the name of Burch who fell in the before mentioned skirmish. When we determined to attack the town, positive orders were given to spare the women and children and all such as claimed protection; which was strictly enforced by the officers, so far as was practicable, or came within my observation. My troops was directed to advance on the right of the town, which was done speedily. On our approach and before a man of my company fired a gun, the Indians from a sink or cave near the path we were in, fired apparently 12 or 15 guns at my men; the bullets were very distinctly heard by all, and slightly felt by two or three men. Some of the Indians found in the town were painted; all I saw evinced a disposition to fight or escape. We killed 24 warriors, and burnt the town agreeable to orders. A considerable number of new British muskets, carbines, &c. were destroyed—in nearly all the houses there were explosions of gunpowder. The Indian we found herding cattle informed us that Hopavna resided there, and was then in the town; I am not certain whether he was slain or not. In possession of the last Indian killed, who was painted red, was found two letters, one from Colonel Milton, the other from major Minton, both addressed to gen. Gaines, the seals of which were broken.

The following is a copy of the Orders issued by the Executive to Cap. Wright.

Head Quarters, Georgia,
Milledgeville, April 14, 1818.

GENERAL ORDERS.

The executive having received information through sources which cannot be doubted, that the wanton and cruel murders so frequently committed on the frontier inhabitants of this state, and which are almost daily practised by the savages, ascertained to be the *Phelemmes* and *Hoponnees*, inhabitants of two small villages of their names, on or near Flint river, who have during the late hostilities endeavored to conceal their blood-thirsty and hostile disposition under a cloak of friendship—and the combined regular & militia force under Major Gen. Jackson being too far advanced into the heart of the Creek nation to admit of any speedy operations against them from that quarter; the commander in chief of the state deems it expedient for the safety of the frontier inhabitants, and to prevent further depredations by them, that a sufficient military force should be marched immediately against those towns, to effect their complete destruction; and for the speedy accomplishment of which, Capt. Obed Wright, commanding as senior officer of the militia stationed on the frontier, will order captains Dean and Chiles, who are stationed at different points on the Ocmulgee, to proceed immediately with their respective companies to Hartford, or such other places as he shall deem expedient between that place and Point Early, with the exception of a small guard placed under the command of a subaltern or non-commissioned officer to defend the posts they now occupy; he is also authorized to receive such companies as may voluntarily join him. Cap. Timothy L. Roger, commanding a volunteer troop of light dragoons in Jones, and captain John Permenter, commanding a volunteer company of riflemen in Twiggs county, will join capt. Wright at Hartford. So soon as the respective companies shall have arrived at that place, capt. Wright will proceed with the whole to fort Early, where he is authorsed to call on captain Bothwell, or the commanding officer of that station, for the whole of his command, except so many as are actually necessary for its immediate protection.—The utmost precaution will be necessary to the accomplishment of this important object, and to effect which, it will be necessary that a profound secresy should be observed, and the expedition prosecuted with the greatest possible dispatch, in order to take the Indians by surprise; as this is the only probable means of obtaining an effectual and decisive victory over an enemy who will not come in contact on equal terms.

By order of the commander in chief,
E. WOOD, Secretary.

Alexandria, May 22, 1818.

Norfolk, May 18.

Captain Applewaite, of the schooner Columbia, arrived here on Saturday, from Santa Cruz, informs that it was reported at that place that a British fleet of 29 sail had been seen off St. Juan, Porto Rico, which it was supposed was intended to take possession of the island, as security for the services rendered to Spain by Great Britain during the contest of the former with France. The Spaniards were prepared to give them a warm reception, being well provided with troops.

Passed up James River on Saturday brig General Pike, Creddiford, 48 days from Amsterdam, bound to Richmond—gin, cheese, butter, bottles and mill stone. Sailed 29th March, and left ship Medford, Meyers, for Philadelphia; brigs Ohio, Carman, for New-York; Texel, Thaxter, and schooner Independence, ——, for Boston, all loading with gin, to sail in 10 days, and a number of others reported by ship Hope, arrived at Baltimore. Spoke 28th ult in lat. 41, 32, lon. 51, brig Bayard, Watkins, hence for Rotterdam, 29 days out, all well. Tobacco and tobacco stems had not been so high in Amsterdam for the last 20 years as when the General Pike left there. During a storm which took place off the Texel, between the 21st February and 2d of March, 4 American vessels were lost off the Haacks—one a brig, belonging to Richmond, the captain and 2 of the crew only saved; another a brig, belonging to the owners of the brig Ohio, of N. York; the captain of which (Johnston) and 3 of the crew saved themselves in the long boat. A ship belonging to Boston, laden with cotton and rice, captain, crew and part of the cargo saved; and a small brig belonging to Plymouth, (Mas.) the captain and crew only saved. Mr. William Van Beck, and his partner, belonging to Philadelphia, came passengers.

MARRIED,

On Tuesday evening last, by the Rev. Mr. Andrews, Mr. CHARLES E. EEKLE, of Georgetown, to Miss CHARLOTTE PERRY, daughter of Mr. A. Perry, of this place.

ATTENTION!

The orders given on Saturday last are countermanded; therefore there will be no muster on Saturday next.

LATEST NEWS.

Seventeen days later than before received.

By the arrivals yesterday from England and Ireland, we have papers, letters, &c. down to the 18th ult.; and from barren journals we find but little to interest our readers.

Flour at Liverpool on the 17th ult. was 54 to 55s; cotton 1s 8d to 1s 10d, brisk, and looking up; sea islands 3s 4d. The manufactories were in the most flourishing condition. Flaxseed 5*l*, dull.

The sales of cotton at Liverpool for 3 weeks previous to the 17th of April was 32,000 bags.

For the two last weeks previous to the 17th of April the average of corn was 78s 10d and 88s 4d. It was therefore almost certain that the ports would continue open until the 15th of August.

Prices at Newry, April 18. Wheat 2*l* 10s; flour 1*l* 15s; barrel staves 14 to 15*l*; hhd. do. 25*l*; tobacco 8s.

The British parliament re-assembled on the 2d of April, but was transacting no business of general importance.

The American trade bill passed thro' a committee in the house of commons on the 2d of April.

The death of the dey of Algiers, by the plague, on the 1st of March, is confirmed. Cavailli, late prime minister, was proclaimed the same day his successor by the discharge of cannon.

The London papers contain elaborate particulars of an unsuccessful attempt of lieutenant Davis, of the 62d, to assassinate lord Palmerston. Davis followed him up the stair way of the war office, and fired a pocket pistol at him, which slightly wounded him in the right side. Davis is about 23 years of age, and was evidently in a state of insanity.

The London Gazette of the 7th of April announces the appointment of the duke of Richmond to be captain general and governor in chief of the provinces of Lower and Upper Canada, Nova Scotia, New Brunswick, and the islands of Prince Edward and Cape Breton.

FROM PERNAMBUCO.

By the arrival of the Rising Sun at N. York, some intelligence has been received of the *recent proceedings at Pernambuco*, on the part of the King's Ministers sent from Rio Janeiro, after the surrender of the Patriots. EXTRACT. "Prisoners coming in from the country in parties from two to fifty, and the Judges employed in criminating those in their power. On the night of the 5th of last month, at nine o'clock, orders were issued in the barracks for the troops to be put under arms, and marched in various directions. They were halted a little before eleven, orders arrived, and that hour a signal gun was fired from one of the forts. In an instant various houses were surrounded; and before eight next morning, upwards of 150 inhabitants were taken and lodged in the forts and prisons. It is said that in several adjacent towns, similar proceedings took place; and that two days before, about 150 inhabitants had been brought in and imprisoned. The arrests continued on Monday and Tuesday, and it is impossible to describe the consternation that prevailed, all looking forward with horror and dismay at the probable result.—On Wednesday evening, however, a vessel arrived from Rio de Janeiro, announcing from the Ministry, the King's pardon of all who were taken since the 6th of February, and restoration to their property, by establishing their innocence.—Criminals, it was supposed, would be banished for eight years.

Prices at Pernambuco—Superfine flour, 12 dollars; pilot bread, 5; navy do 3; prime beef, 12; do pork, 18; white sugar, per arrobe, 2 to 3 60; muscovado, 1 to 6 30; molasses, bbl. 35. [*ib.*

A Teacher Wanted.

SINCE the annunciation of Colonel Smith's intention to decline devoting the whole of his time to the duties he has hitherto so satisfactorily discharged, and there being a probability that he will ere long abandon, altogether, his situation in the Academy it is the wish of many parents in this place to obtain a Teacher, and establish a school, independent of the Academy. For this purpose therefore, a gentleman qualified by his age, experience and capacity is wanting, and would be very liberally encouraged.—He must be a man of liberal and enlightened mind: thoroughly acquainted with the languages, Mathematics, &c.—Communications, postage paid, may be made to the editor of the Winchester Gazette who will promptly reply to all such.

RESPECTFULLY inform the public that they have just received from

LEE's MEDICINE STORE,

No. 46, Maiden lane, New-York, a fresh supply of the following valuable MEDICINES:

Hamilton's Worm-destroying Lozenges,

Which have within sixteen years past cured an immense number of persons of both sexes of every age and in every situation, of various dangerous complaints arising from WORMS, and from obstructions or foulness in the stomach and bowels.

This medicine bears no analogy whatever to others of similar titles so commonly complained of as operating with violence; on the contrary a particular excellence of this remedy is its being suited to every age and constitution. It contains nothing but what is perfectly innocent & is so mild in its operation that it cannot injure the most delicate pregnant lady or the tenderest infant of a week old should no worms exist in the body; but will without pain or griping cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders. The lozenges are particularly efficacious in carrying off all gross humours and eruptions, feverish and bilious complaints, and are the safest and mildest purgative that can be used on any occasion.

Description of Worms, and the symptoms by which they are known.

Worms which infest the human body are chiefly of four kinds viz.—The Teres or large round worm; the Ascarides or small maw-worm; the Cucurbitine or short flat white worm; and lastly, the Tænia or tape-worm, so called from its resemblance to tape. This is often many yards long and is full of joints. It is most hurtful and most difficult to remove.

Among the symptoms attending worms are—disagreeable breath, especially in the morning; bad and corrupted gums; itching in the nose, and about the seat; convulsions, epileptic fits, and sometimes privation of speech; starting and grinding of the teeth in sleep; irregular appetite, sometimes loathing food and sometimes voracious; purging with slimy and fœtid stools; vomiting; large and hard belly; pains and sickness at the stomach; pains in the head and thighs and lowness of spirits; slow fever with small and irregular pulse; a dry cough; excessive thirst; sometimes pale and unhealthy countenance, and sometimes the face bloated and flushed.

Persons afflicted with any of the above symptoms should have immediate recourse to Hamilton's Worm Destroying Lozenges, which have been constantly attended with success in all complaints similar to those above described.

A dose of this medicine given occasionally during the warm season, will effectually prevent "the vomiting and purging of children"—a dreadful disorder, which annually destroys thousands of the infant part of our citizens. It is likewise the mildest and most certain remedy known, and has restored to health and strength a great number when in an advanced stage of this fatal complaint. Particular and plain instructions are given for every part of the necessary treatment in such cases.

Children generally take this medicine with eagerness; having a pleasing appearance, and an agreeable taste.

The Restorative Powder for the Teeth and Gums.

For the prevention and cure of BILIOUS AND MALIGNANT FEVERS is recommended

HAHN's ANTI BILIOUS PILLS

THIS Medicine has been attended with a degree of success highly grateful to the inventor's feelings in several parts of the West Indies and in the Southern and Middle States, &c.

The testimony of a number of persons can be adduced, who have reason to believe that a timely use of this salutary remedy has, under Providence, preserved their lives when in the most alarming circumstances.

Facts of this conclusive nature speak more in favour of a medicine than columns of pompous eulogy founded on mere assertion.

It is not indeed presumptuously proposed as an infallible cure, but the inventor has every possible reason that can result from extensive experience for believing that a dose of these Pills taken once in every two weeks during the prevalence of our bilious fevers, will prove an infallible preventive; and further, that in the earlier stages of those diseases their use will very generally succeed in restoring health, and frequently in cases esteemed desperate and beyond the power of common remedies.

The operation of these pills is perfectly mild, so as to be used with safety by persons in every situation and of every age.

They are excellently adapted to carry off superfluous bile and prevent its morbid secretions—to restore and amend the appetite—to produce a free perspiration and thereby prevent colds which are often of fatal consequences. A dose never fails to remove a cold if taken on its first appearance: they are celebrated for removing habitual costiveness—sickness at the stomach and severe head-ache—and ought to be taken by all persons on a change of climate.

They have been found remarkably efficatious in preventing and curing disorders attendant on long voyages, and should be procured and carefully preserved for use by every seaman.

Hamilton's Elixir,

A sovereign remedy for colds, obstinate coughs, asthmas, sore throats, catarrhs, and approaching consumptions.—To parents who have children afflicted with the *HOOPING COUGH*, this discovery is of the first magnitude, as it affords immediate relief, checks the progress, and in a short time entirely removes the most cruel disorders to which children are liable. The Elixir is perfectly agreeable, and the dose so small that no difficulty arises in taking it.

Hamilton's Grand Restorative,

Is recommended as an invaluable medicine for the speedy relief and permanent cure of

Nervous Disorders	Violent cramps in the stomach and back
Consumptions	Indigestion
Lowness of spirits	Melancholy
Loss of appetite	Gout in the stomach
Impurity of b'ood	Pains in the limbs
Hysteric'l affection	Relaxations, etc.
Inward weaknesses and debility	

Hamilton's Essence and Extract of Mustard.

A safe and effectual remedy for acute and chronic rheumatism, gout, rheumatic gout, palsy, lumbago, numbness, white swellings, chilblains, strains, bruises, pain in the face and neck, etc. etc.

Lee's Ointment for the Itch.

Warranted an infallible remedy at one application, may be used with perfect safety by pregnant women, or on infants a week old, not containing a particle of mercury or any dangerous ingredient whatever, and not accompanied with that tormenting smart which attends the application of other remedies.

Hahn's true & genuine German Corn Plaister.

An infallible remedy for corns, speedily removing them root and branch, without giving any pain.

The Genuine Persian Lotion,

So celebrated among the fashionable throughout Europe, is an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellent minerals, the basis of other lotions, and of unparalleled efficacy in removing blemishes of the face and skin, freckles, pimples, inflamatory redness, scurfs, tetters, ringworms, sunburns, prickly heat, &c.

Hahn's genuine Eye Water,

A sovereign remedy for all diseases of the eyes, whether the effect of natural weakness or of accident.

Tooth Ache Drops.

The only remedy yet discovered which gives immediate and lasting relief in the most severe instances.
